

Hilton Township Addition

A new community feature has been added at the Hilton Township Municipal Office. A library box was generously built and donated by Ms. Sara Dinsdale and her husband, Mr. Adam Dinsdale, and was installed by the Township's Roads Department.

Residents and visitors are encouraged to borrow a book, leave a book, and help keep the library box stocked by donating gently used books they no longer need. This community resource is available to everyone at no cost and promotes a shared love of reading throughout the Township.
