

Grace United Cemetery Notice

All visitors are respectfully reminded that dogs must be kept on a leash at all times while on cemetery grounds.

For the safety of visitors, Public Works staff, and animals, visitors are also asked to refrain from entering the cemetery grounds while Public Works staff are actively working on site.

In accordance with By-law No. 1449-25, all artificial decorations are required to be removed from the cemetery grounds by October 31.

Public Works staff would greatly appreciate it if the owners of any remaining decorations could remove them as soon as possible to help prevent damage that may be caused by weather conditions.

The Township of Hilton sincerely thanks everyone for their continued cooperation and support in the preserving and maintaining of the Grace United Cemetery.
